

## 4-H Club News

### Logan Elm Sunny Sewers

The second meeting of the Logan Elm Sunny Sewers was held last Tuesday in the Pickaway Twp. School.

The meeting was called to order by President Beverly Woolver. The pledge to the flag and the 4-H pledge were led by Ellen Whaley. Roll call was answered by "Health Habits".

Dues were paid to the treasurer Carol Davis and her report was given. Sharon Sharrett, secretary, read the report of the last meeting.

4-H application forms were handed in at this meeting. Two demonstrations were given. Sandra Spiller told how to begin making a tea towel and Page Miller showed how to prepare a luncheon cloth.

Bonnie Duleson gave a report on bicycle safety. Refreshments were served by Susan Laveck and Bonnie and Barbara Duleson. The next meeting will be held April 27 from 3 to 5:30 p. m. in the Pickaway School.

### Darby Fine and Dandy

The meeting of the Darby Fine and Dandy 4-H Club was held recently at the Darby High School. The meeting was called to order by President Tom Liff. All members present gave a list of their projects for the coming year.

The committee read the Constitution and By Laws which were approved.

The program committee gave a tentative program for the coming year.

Our next meeting will be on health and in charge will be our health leader, Nancy Roush.

One of our 4-H's, Health, is the foundation for individual success, the greatest asset to industry, farming, and our nation's progress. Wealth can't buy health, but health can buy wealth.

### Buttons and Bows

The Buttons and Bows 4-H Club met on April 6 at the home of Jeanine Leist. The meeting was opened by the president, Lydia DeLong, and the group said the 4-H pledge. Linda Styers led the devotion for this meeting.

During the business meeting we discussed the community project. Several suggestions were made and we will decide later which one we will do for this year. The club programs were passed out to the members. The Gascio Cooking School was discussed and plans made for the members to attend. The Officers and Advisors Conference was discussed and plans made for all officers and advisors to attend.

Demonstrations were given by Linda Styers on how to set a table correctly, and Vera Congrove and Veronda Lowery on how to pin a pattern on the material. Kathy Schmidt also showed the group how to fringe table mats.

Refreshments were served by the hostess. The next meeting will be on April 20 at the home of Lydia DeLong.

### Darby Flying Needles

The roll was called and 18 out of 19 members were present. The officers were elected as follows:

President — Joyce McPherson; vice president — Rosemary Bauman; secretary — Cindy Liff; treasurer — Kay Fortney; safety leader — Pam Gantz; recreation leader — Betty McPherson; news reporter — Darlene Conley.

We gave out the 4-H books. We are cutting out our 4-H projects.

### Logan Elm Livestock

The second meeting of the Logan Elm Livestock club was held April 7 at the home of Ralph England.

The officers for the coming year are Ralph England, president; Joyce Miller, vice president; Anne Smith, secretary; Ned Musselman, treasurer; Janey Hockman, news reporter; Nancy Wilson and Bill Harral, health leaders.

The meetings are to be held on the first and third Tuesdays of every month.

Discussion for the next meeting was appointed as follows: picking and feeding of market pig — Norman Wilson; picking and feeding of breeding lamb — Janet Bower.

Ned Musselman, Norman Wilson, and Bill Harral were appointed for the ways and means committee.

Ralph England, Ned Musselman, Bill Harral, Norman Wilson, Ronnie Jacobs and Jerry Patrick will be attending the livestock judging at Wilmington College on May 9, 1959.

After the business meeting refreshments and games were enjoyed by all.

The next meeting will be held April 21 at the home of Anne Smith.

### Round Town Mixers and Fixers

The April meeting of the Round Town Mixers and Fixers was held at the home of Kay Felkey. The meeting was opened with the 4-H pledge. Sandy White read the scripture, Marinel Leist gave a prayer.

The secretary's report was given and the dues were taken. We had one new member and one visitor — Mrs. Winter from the Extension Office.

A demonstration was assigned to Martha Ward. A skating party was planned.

A health and safety program was planned and a game also was planned for the next two meetings. The meeting was adjourned and refreshments were served by the hostess, Kay Felkey.

### Jackson Livestock

The Jackson Livestock club held its meeting April 7 at the school. President, Judy Hinton, called the meeting to order. Brad Thompson led the 4-H pledge. Treasurer's and secretary's reports were read and approved.

We decided to wait until after school for our skating party. 4-H programs were passed out.

Barbara Diffendall gave a report on "Should you buy a pure bred heifer?"

Recreation of volleyball and basketball was enjoyed by each member.

A Junior Leader meeting was held afterwards. We decided to help at the officers and advisors conference.

The next meeting will be April 21, at the school.

### Monroe Stitches and Bakettes

The meeting was called to order with the 4-H pledge led by Diana Brigner. The secretary, Carolyn Wright, read the minutes and called the roll.

The programs for the year were given out. Jo Anne Hunsinger gave a demonstration on how to give a demonstration. Projects for the year were discussed.

The parliamentary procedure of conducting a meeting was read by Jo Anne Seibel, Sue Dennis, Carolyn Wright, Joyce Davis, Nancy Wallace, Marilyn Hix, Janet Neff, Alice Price, Linda Long, Marquita Green, and Rose Marie Marino.

The following committees were appointed: Arbor Day committee — Lorena Blair, Jo Anne Seibel, Marilyn Hix, Marquita Green and Sue Dennis; community project committee — Lorena Blair, Jo Anne Seibel, Carolyn Wright, Sue Dennis and Rose Marie Marino; finance committee — Lorena Blair, Jo Anne Seibel, Carolyn Wright and Sue Dennis.

A film was shown about cells by Carolyn Wright and Sue Dennis. Demonstrations were given on how to take care of your teeth, how to make a custard, and how to set the table properly.

### Perry Twp. Junior Livestock

Clarence Cunningham, county agent, 4-H, gave a talk on projects and plans for the year at the second meeting of the Perry Twp. Junior Livestock Club.

Darrell Wiscup opened the meeting with Marvin Morris leading the 4-H pledge. Jeri Skinner read the minutes of the last meeting and Joyce McConkey gave the treasurer's report.

Darrell Wiscup, Paul Morris and Larry McFadden gave a demonstration on hogs. Steer reports were given by Cheryl Martin, Bill Hammond, Hugh Graves and Sharon Hammond.

Reports for the next meeting are to be given by Jackie Roberts, Patty and Donna Lee Kempton, Ronnie and Marvin Morris.

Refreshment committee for the next meeting is Cheryl Martin, Ronnie Morris and Marvin Morris.

### Walnut Wonder Workers

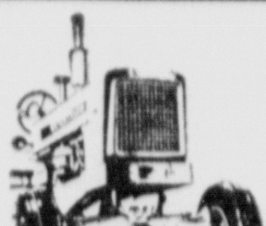

John Noecker was elected president of the Walnut Wonder Workers 4-H Club at its second meeting.

Other officers named are Janet Schneider, vice president; Joy Noecker, secretary; Gary Thomas, treasurer; Charles Hurley, reporter; Allan Peters, Ashville, reporter; Norma Noecker, safety leader; David McDonald, health leader and Patty Collins, recreation leader.

The Noeckers served refreshments.

## Five Soybean Varieties OK'd For Ohioans

Maturity Vital To Good Crop In Pickaway Co.

By GEORGE HAMRICK  
County Extension Agent

There are many soybean varieties grown in Ohio. Since maturity is very important in soybean varieties, care should be taken in selecting a variety that is neither too late nor too early for conditions involved.

As a general rule, the early maturing varieties will not yield as well as late maturing varieties, if they mature before frost.

On very rich soils, varieties need excellent lodging resistance to permit satisfactory combining. The five recommended soybean varieties cover most conditions in Ohio rather satisfactorily. Only two of the recommended varieties are resistant to Phytophthora root rot, e.g.: Monroe Blackhawk.

BLACKHAWK was developed by the Iowa Experiment Station, in cooperation with the United States Regional Soybean laboratory, from the cross Mukden x Richland. It should be confined to northern and central Ohio as an early variety to precede wheat. Blackhawk is resistant to Phytophthora root rot and moderately resistant to stem canker.

HAROSOI was developed by the Dominion Experimental Station, Harrow, Ontario, Canada, from the backcross of Mandarin. Harosoi can successfully be grown in any part of the soybean growing area of Ohio. Harosoi is susceptible to Phytophthora root rot but moderately resistant to stem canker.

HAWKEYE was developed by the Iowa Experiment Station, in cooperation with the U. S. Regional Soybean laboratory, from the cross Mukden x Richland. It can be successfully grown in any part of the soybean growing area of Ohio. Hawkeye is susceptible to both Phytophthora root rot and stem canker.

LINCOLN was developed by the Illinois Experiment Station, in cooperation with the U. S. Regional Soybean laboratory, from the cross Mandarin x Manchou. It should be confined to northern and central Ohio as an early variety to precede wheat. It is resistant to Phytophthora root rot, and only slightly susceptible to stem canker.

MONROE was developed by the Ohio Experiment Station, in cooperation with the U. S. Regional Soybean laboratory, from the cross Mukden x Mandarin. It should be confined to northern and central Ohio as an early variety to precede wheat. It is resistant to Phytophthora root rot, and only slightly susceptible to stem canker.

Extension Office, was present. The girls introduced themselves to her. Mrs. Winter explained the conference and answered questions concerning projects.

Janet Acord gave a demonstration on how to give artificial respiration. Cindy Young demonstrated laying a pattern. Susan George gave a demonstration on how to fringe a towel. Discussions followed all demonstrations.

The next meeting will be held at the home of Cindy and Marty Young on May 4. The meeting will be a safety meeting in charge of the safety leader.

### Flying Farmers of Muhlenberg

By Larry Reid

The fourth meeting was held in the school.

The president, Dick Carpenter, introduced Bill Graves, Donald Lucas and Darrell Caudy of the Harrisburg Fire Department who gave a very interesting exhibition on first aid.

Vice President Jerry Brigner presided over the third meeting of the club.

The main topic of the evening was safety. Larry Reid introduced Judy Fee who gave a very interesting speech about safety on the highway entitled "A Backward Glance". Larry gave five safety rules on the operation of a tractor. Leonard Sines and Steve Kovaleski gave five rules each on safety in the home. Carroll Reid closed the program by giving two helpful safety slogans.

### Bloomfield Busy Bodies

By Susan George

The third meeting of the Bloomfield Busy Bodies was held in the home of Cindy and Marty Young April 13. Cindy Young, president, presided over the business meeting which opened with the club pledge by Natalie Neff and the pledge to the American Flag by Janet Acord. Reports were given by the secretary and treasurer.

The roll call was answered by the members present telling what they are making in their project.

All officers and advisors will attend the conference at Jackson on April 21.

## Spray Fields Now For Spittlebugs!

By George Hamrick,  
County Extension Agent,  
Agriculture

The spittlebug hatch was nearly complete in Pickaway County on Saturday, April 11. On the strength of these observations it is recommended that farmers spray their clover and alfalfa sometime during the next few days.

To secure satisfactory results farmers must spray early, now. Heptachlor and Methoxychlor are the two recommended insecticides and are both contact

sprays, therefore, the plants must be covered thoroughly.

By spraying early when the hatch is complete you can get more complete cover. After the plants pass six inches in height farmers must use at least 20 gallons of the dilute spray per acre.

Heptachlor should be used at the rate of two pints 25 per cent emulsion per acre. Animals should not be pastured in Heptachlor treated fields for at least 10 days after treatment.

Methoxychlor is recommended at the rate of two quarts of 25 per cent emulsion per acre. Animals should not be pastured on Methoxychlor treated pastures for at least seven days after treatment.

Early spittlebug surveys have indicated that this is to be a big year for the bugs. Farmers should use this survey data to determine if they are going to spray or not. If you wait until you can see that spittlebug is going to be bad, then you have waited too long.

## Second Strangler Awaiting Verdict

VENTURA, Calif. (AP)—A jury will decide next week whether Luis Moya gets the gas chamber or life imprisonment for his part in the Nov. 18 slaying of nurse Olga Duncan.

The 24-year-old laborer has pleaded guilty to murder. He tried unsuccessfully Thursday to get a change of venue for his trial.

Mrs. Elizabeth Duncan, the dead woman's mother-in-law, and Augustine Baldonado are under death sentences. Mrs. Duncan hired the men to kill her pregnant daughter-in-law, the prosecution said, because of an extraordinary attachment for her son Frank—Olga's husband.

central Ohio as an early variety to precede wheat. It is resistant to Phytophthora root rot, and only slightly susceptible to stem canker.

There are many other varieties available, but research has not proven them adaptable for dependable crop production in Ohio. Some of these varieties are Shelby and Lindarin.

## Farmers Home Administration Credit Is Available Here

J. L. Morrison, Farmers Home Administration county supervisor, explained this week that his agency serves eligible farm operators with credit and needed technical help on farming problems.

These services include:

Operating loans, which are available to owner-operators and tenants, are advanced to pay for equipment, livestock, feed, seed, fertilizer, and for other farm and home operating needs and to re-

finance chattel debts. Operating loans bear 5 per cent interest on the unpaid balance and are scheduled for repayment in accordance with the borrower's ability to repay, over periods not exceeding seven years.

Farm Ownership loans are made to buy family-type farms, enlarge farms, develop farms, and refinance debts, Morrison said. Farm Ownership loans are amortized for periods up to 40 years. Interest rates are 4½ per cent and 5 per cent depending whether the loan is from appropriated funds or funds advanced by private lenders and insured by the Government.

Farm Housing loans are made to farm owners for the construction and repair of farm houses and other essential farm buildings. Farm Housing loans are repayable over periods up to 33 years at 4 per cent interest.

Morrison stated that loans for operating purposes are generally secured by liens on crops and chattels, and loans for real estate purposes are secured by liens on real estate.

Full details on loans and services can be obtained from the Farmers Home Administration office at 27½ E. Second St., Chillicothe.

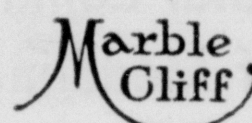

## Small Boy Shaken Up After Elephant Ride

ST. LOUIS, Mo. (AP) — Eight-year-old John Foster took a free ride on an elephant Thursday at the Florissant Meadows shopping district. When he got off, the animal grabbed him and bounced him on the pavement several times.

Elephant trainer Willard G. Biting struck the animal with a hook and the elephant promptly released John from his trunk.

"I was plenty scared," commented John, who was unhurt.

## Nehru In a Bind

India's Nehru has placed himself on precarious ground by his determination to maintain "neutrality" at all cost. Whatever calamities might befall the world, unless they directly affect India, Nehru has blindly through a policy of no statements, no recognition, and no aid. He again invoked this policy in the Red Chinese suppression of the Tibetan revolt for freedom.

It is true that the rest of the free world sits on its haunches when a hopelessly outnumbered people attempt to throw off the shackles of oppression. But at least verbal support can be heard. Nothing comes forth from Nehru. Nehru's popularity in his own country is slipping because of his adamant hear nothing, see nothing and above all, say nothing, attitude.

Western criticism of India's Prime Minister is far less effective for world consumption than that which emanates from within his own country. One of the most outspoken critics of India's policy toward Tibet is one Narayan, a former leader of the socialist party and before his retirement two years ago considered the foremost candidate to succeed Nehru. His words so eloquently express the sentiments of any free observer that they are worth repeating.

"We are not serving the cause of peace

by slurring over acts of aggression. We cannot physically prevent the Chinese from annexing Tibet, but we can at least put on record our clear verdict that aggression has been committed and that the freedom of a weak nation has been snuffed out by a powerful neighbor.

"Tibet has never been a part of China except by conquest. The Tibetans are not Chinese and there is no evidence in history that they ever wanted to be a part of China." The time has come, he said, "to call a spade a spade."

How much longer Nehru feels he can continue to straddle the ever-widening gap between the free world and that portion under communist domination is known only to him. His own subjects are beginning to openly oppose the unfavorable light being cast upon them because of the lack of moral principles of their leader.

## Russian Peace Tactics Sour

The newest Soviet note charging the United States with intentionally trying to prejudice the upcoming negotiations over Berlin and Germany by flying a plane into Berlin at a high altitude tosses a sour note into the conference preliminaries. It should have been expected.

The exact nature of the moves Russia will make in the weeks leading to the foreign ministers' session on Berlin cannot be pinpointed. But the West must be aware that there will be such moves—that they are in the pattern the Soviets have established in the past.

A number of Western statesmen have been proceeding on the assumption that for reasons of its own the Kremlin wants serious negotiations on Berlin. This may be

true but all the evidence points the other way—that the Russian bosses want only to present the appearance of willingness to talk.

The Berlin corridor incident — charging the U. S. with violating a non-existent ban on flying above 20,000 feet — is one of a series of propaganda moves designed to put the West on the defensive that can be expected. The Russians hope to milk every drop of favorable propaganda out of the situation.

It is becoming increasingly clear that Khrushchev wants the Berlin sessions (including the summit meeting) only for the purpose of presenting Russia to the rest of the world as desiring to talk peace — not to seriously attempt to end the cold war.

Dear Sir,  
The home owners who reside in the Isaac Addition have been asked to sign two petitions — one for annexation and one against annexation to the city.

"There are many questions that we should like to be answered. Some are:

"1. How long would it be before we would get city water?"

"2. How long before sewers would be put in? Perhaps some home owners don't know they will have to pay the cost of this.

"3. Will the streets be repaired and snow shoveled in the winter as the county has been doing?

"4. Will the children in the area still have the advantage of riding the school bus?

"5. If it would be years before we get water, what kind of fire protection would we have?

"The only thing we are sure of is higher taxes. Perhaps there is someone who could give us a clear picture of the advantages and disadvantages of annexation. We would like to know the true facts."

MR. NUSSBAUM loved a bridge game, but hated a kibitzer breathing down the back of his neck. Furthermore, this kibitzer was the most irritating kind—always ready to explain how an extra trick could have been made. Nussbaum's moment of triumph came when he made a grand slam, vulnerable, doubled and redoubled. "All right, wise guy," he gloated to the kibitzer, "what was wrong with that?"

"Just two things," said the kibitzer promptly. "One, if you had bid properly, you never would have reached a grand slam. Two, playing the hand correctly, you never would have made it!"

"Modern music," suspects Goddard Lieberman, "is the kind that is played so fast it's almost impossible to detect what classical composer it was stolen from."

## Eve Arden Stealing Show During Filming of Movie

ISHPEMING, Mich. (AP)—The personality who attracts the most attention from people watching the filming of "Anatomy of a Murder" is tall, wry Eve Arden.

The reason is simple: television. Fans and visitors at the Mather Inn where the movie troupe is quartered often pass up players who work only in films. They want to know all about Eve and often ask, "Why aren't you making 'Our Miss Brooks' any more?"

This is heartening to our Miss Arden, who hasn't done the Brooks series for three years. Yet it continues to play and play, bringing her added fame, if no more money. She sold out her interest for a healthy chunk that will be coming in over a period of years.

The question at this point in her career is: What next? She and husband Brooks West are in "Anatomy," her first theatrical film in seven years. We won't count a full-length version of "Our Miss Brooks" which failed to break any box office records.

Will she try another TV series? "I don't think so, not for another year, anyway," she said. "I've had offers, but I think it is too soon to return. I got bitten by the play bug when I did 'Auntie Mame' on the Coast last year. I'd like to go back to Broadway for a year."

"I was originally supposed to do 'Marriage-Go-Round,' but I got tied up in another series. Now Leslie Stevens is writing another play, and if it turns out well, I may do it."

## 36 Holes of Golf Registered by Ike

AUGUSTA, Ga. (AP)—President Eisenhower once must have wondered whether he ever would be able to golf again. Now he's up to 36 holes in a single day. It happened Thursday. As far as newsmen know, it's the most he has played in one day since his heart attack in 1955.

## Presidential Candidates

By George Sokolsky

The primary system, in many ways, disturbs the four year term for the Presidency because at the end of each second year, the various candidates exhibit themselves, each one hoping that some event, some political accident will make his candidacy acceptable.

The Republicans have only two contestants: Richard Nixon whom the Republicans want, and Nelson Rockefeller whom some businessmen recommend because of his family name which they regard as good. Nixon's candidacy for the Republican nomination would be a walk-over, except for Rockefeller money which is still very potent. However, Rockefeller's display of ineptitude in handling New York City may cost him something in popularity. One can still bet on Nixon.

Now we come to the Democrats and there things have the appearance of a brawl. There is Hubert Humphrey of Minnesota who is working valiantly to get the Democratic nomination for the Presidency. Minnesota produced a candidate once before, Harold Stassen, on the Republican side, but Stassen did not make the grade as Humphrey is likely not to. Nevertheless, the fact that Humphrey is running and is making himself known to the country, does build him into a bigger figure in the Senate.

Humphrey pulled off a tour de force by having an eight hour interview with Khrushchev which was afterwards published in a magazine. The political theory behind the interview was that it would establish Hubert Humphrey as a statesman, an expert on foreign affairs. There was, of course, always the possibility that something might have resulted from the interview, even accidentally or coincidentally, to make the Senator from Minnesota a great international figure.

Nothing happened. The interview was read and passed into yesterday's news. Nothing came of it so far as the United States is concerned. Besides, there was resentment in many quarters that a candidate for the American Presidency would use Khrushchev as a sounding board.

Senator John Kennedy of Massachusetts is another Demo-

cratic candidate for the Presidency who has been a candidate too long and therefore has been under public scrutiny for too long a period. This has often happened in American history. John Kennedy's greatest strength lay in the increasingly large Roman Catholic population who would naturally like to see one of their own kind in the Presidency; from his youthful appearance and the fact that he represents the generation of World War II and Korean War veterans who would prefer a President who understands their language and their needs.

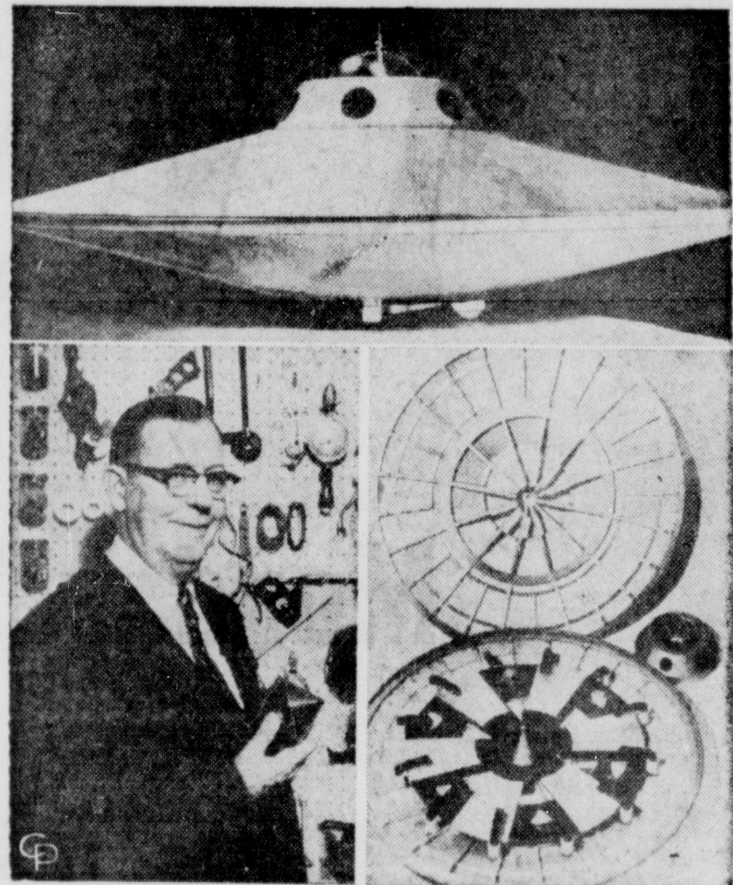

On the other hand, his legislative record is too much on the side of so-called "liberalism" for 1959-60; it is closer to a 1948 tone. He vies with Adlai Stevenson for the votes that Franklin D. Roosevelt once brought together in the "New Deal." Those days are over because a new generation of voters has come into being. Our system of elections is, in a measure, slow in catching up with population changes. At any rate, Senator John Kennedy was a more popular figure four years ago than he is today even among Roman Catholics, most of whom decline to confuse party politics with religious preferences. Kennedy tried to meet this issue with a statement on the subject which

was a tactical error because it satisfied no one.

An exceedingly likeable person and nobody's fool, John Kennedy will have to be considered seriously by the Convention, particularly if a liberal should prove to be desirable and Adlai Stevenson not wanted.

Senator Stuart Symington of Missouri is a businessman, public administrator and legislator. He possesses enormous competence and knowledge of government. He antagonized many of those who had favored him by his circumlocutions in the McCarthy affair. (A double-cross could be called a circumlocution.) But the McCarthy affair will not be held against him in the circumstances of the Democratic Convention of 1960.

Symington has a very strong chance of being nominated. The final test is likely to be between Symington and Senator Lyndon Johnson of Texas, the leader of the Democrats in the Senate. Lyndon Johnson is a man of quality, of great legislative experience and a capacity for leadership. The A.D.A. attacks on him, timed to come out about once a week, an old public relations stunt seeking a cumulative effect, will pass like some of the speeches delivered by Senators who feel it necessary to say something at least once a session.

LATEST IN SPACESHIPS—Here (top) is a scale model of the OTC-X1 spaceship designed in Baltimore, Md., by Otis T. Carr, shown holding a model of his Utron electric battery, which he says will power the craft. The ship's three main sections are at lower right: top section (upper), much smaller pilot's compartment (middle), and the lower section containing the counter-rotating elements of the propulsion system. So it's a flying saucer, no mistake. Carr says he'll have it on its way to the moon by Dec. 7, 1959.

## Junior Women's Club Plans Performance of 'Mikado'

JANET NESLER

THOMAS PETERS

Thomas E. Peters of Jackson has the lead male role of Nanki-Poo in the "Mikado" which will be given at Circleville High School on April 25.

The Gilbert and Sullivan operetta, sponsored here by Circleville Junior Women's Club, is given by the Atomic Area Operetta Guild.

Peters is no stranger to many Circleville people. He is a charter member and soloist with the Jackson Cavalcade Chorus, an organization which has received state wide recognition. He is also a soloist with the Wellston Rotary Choral Club and the Jackson Methodist Church. Peters was one of the soloists in the National Gymnast Ganu which was held in Columbus in 1952.

Janet Nesler of Twin Valley has the lead female role of Yum Yum. Mrs. Nesler studied under vocal instructor, Mildred Brown Deering. She is soloist for the Sciotoville Church of Christ and has appeared in Portsmouth Little Theater productions.

**RAPTURE, DESPAIR, ETERNITY**—The body of blonde, beautiful, 33-year-old Mrs. Venita Radcliffe, a fashion model and cafe society divorcee, was found in a fashionable New York hotel room. Near her body was a note believed intended for Richard Brown, 37, separated from his wife, but not divorced. The note said in part, "...not... able to live without you." Brown's ardor for Mrs. Radcliffe, mother of an 11-year-old son, apparently had cooled. Police said she took a fatal overdose of sleeping pills. The model and Brown are shown chatting in a New York night club January 27.

**SAVED FROM BURNING AUTO**—Rescued from a burning auto by a garage attendant, Bryan Scott Killbrew, 4, and his sister, Sherry, 14 months, sit in the seat of a police car in San Diego, Calif. The boy said the fire started while he was playing with a cigarette lighter. Jailed on a charge of unjustifiable punishment, the mother, Mrs. Gail L. Killbrew, said she left the children in the car while she applied for a job.

## What To Do About Gopher?

### Most Methods Fail To Eliminate Pest

ALBUQUERQUE, N.M. (AP)—Breathes there a gardener with soul so dead who never turned the air blue with profanity at the sight of one of his prize iris plants disappearing down a hole?

And how many farmers and ranchers have spent hours trying to find where their irrigation water is leaking out of a ditch?

The whole business can be blamed on one ornery little rodent—the gopher.

The gopher, found all over North America, is probably the most roundly cursed-out rodent there is. What do you do about them?

Conservation men say there are a number of systems—most of which are a waste of time.

One is shooting the little rascals; another is trapping them. Neither has much effect on the crafty gopher population.

Two methods—usually employed by distraught gardeners verging on hysteria—hardly ever work.

One is sticking a hose down the hole and trying to drown Brother Gopher. The other is running a hose from the exhaust pipe of the car into the gopher hole. In both instances the gopher blocks off a number of strategic tunnels and retires to the south wing of his home.

A few systems work, say the rodent control boys, but even these are not infallible. One is cyanide traps—baited with vegetables, bombs and the other is small box cheese or maybe a pizza pie.

Most people who have battled gophers for any length of time, say there is only one sure way to win:

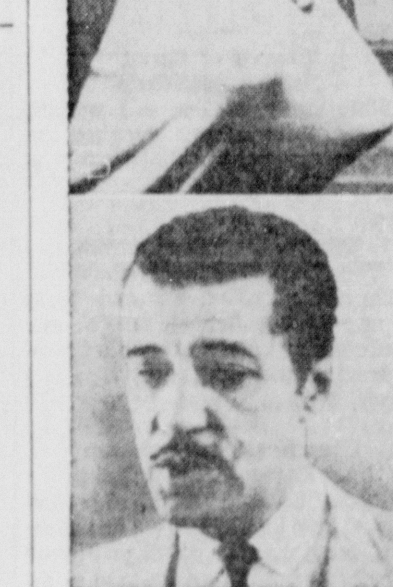

Move to an apartment in the center of the city—and make sure that place has no window boxes.

## Dear Abby...

By Abigail VanBuren

## Use Backbone, Not Wishbone

DEAR ABBY: Four years ago I married a widow. I bought a home and furnished it completely with new gas furnace, automatic washer, dryer, electric range, refrigerator and TV. I have to give her my check uncashed or she storms. On my day off I scrub and wax the floors and woodwork. I wash the Venetian blinds, vacuum rugs and polish furniture. I take care of the lawn and garden. I own a car, but she never lets me drive it. I carry my lunch and walk to work. I get \$3 a week allowance for gum and cigarettes. You hear about rights for women. Are there no rights for men?

NO RIGHTS  
DEAR NO: There are "rights" for men...but only for those who are man enough to demand them. A little less "wishbone" and a little more backbone.

DEAR ABBY: My problem is I married a man with too many sisters. I held a good position before I was married and didn't exactly come out of the hills, but my husband's sisters think they know everything and are very free with advice. One tells me how to dress, another one tells me how to wear

## British Missile Test Labeled OK

VANDENBERG AIR FORCE BASE, Calif. (AP)—The successful firing of a Thor intermediate-range missile by a British crew Thursday may aid negotiations for missile bases in countries bordering Soviet territory.

So says Maj. Gen. David Wade, commander of the 1st Missiles Division here.

"I'm not in a position to speak for those countries," said Gen. Wade, "but if I were conducting the negotiations I certainly would be encouraged."

A three-man Royal Air Force crew and three RAF alternates launched the 65-foot missile and it headed west through a scattering of clouds.

Franklin Heads Methodist Bishops

WASHINGTON (AP) — Bishop Marvin A. Franklin of Mississippi today took over the helm of the worldwide Council of Bishops of the Methodist Church.

As president of the council of 37 active bishops and 50 retired bishops, the 65-year-old Dr. Franklin becomes the titular head of more than 10 million Methodists in 50 nations. He is to hold the office one year, meanwhile continuing as bishop of the Methodist churches of Mississippi with headquarters in Jackson.

Dr. Franklin took over the reins of the vast church organization from Bishop Bromley Oxnam of Washington, D.C. The Mississippi clergyman was elected president designate at a council meeting a year ago and has served as vice president throughout the past year.

Thornville Protests Natural Gas Service

COLUMBUS, Ohio (AP)—Nineteen residents of the Thornville-Shell Beach area near Buckeye Lake have protested to the Utilities Commission about natural gas service from Clintonian Fuel & Oil Co. Their petition claims that their fires have gone out at night on occasion, and that complaints have not brought improved service from the company.

# OUR FIRST PAIR OF SHOES

A great king, so the legend goes, once stepped on a thorn in his garden. In a rage he ordered his entire kingdom covered with leather. His wise prime minister suggested, "let me cover your feet with leather, and wherever you go you will be protected." And so the first pair of shoes was made!

The little fellow who wears these shoes has a long way to travel. His journey through life will not be free of thorns. And he'll need more than shoes to make that journey!

He'll need to develop a spiritual fiber which will strengthen his character. A man can't carpet the whole world — but he can acquire the faith and courage which will enable him to climb life's most rugged trails.

The Church brings such qualities to the life of man. The Church points the way to happy, wholesome living — for the grown-up with the burdens of life on his shoulders — and for the little tot in his first pair of shoes!

## THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Tiger Baseballers Tame Blue Lions In 7-3 Test Here

Circleville's baseball Tigers blasted out a 7-3 win over Washington C. H. here yesterday behind the two-hit pitching of Don Rowland.

Three runs in the first inning and four more in the second were all the Tigers needed to coast in for the decision. The win gives the locals a 1-1 record in South Central Ohio League play and a 4-2 overall slate.

Rowland, chalking up his second win in as many starts, appeared to get stronger as the game progressed. He set the visitors down with two singles and never was in serious trouble after the second inning.

Circleville jumped to a quick 3-0 lead in the first frame, but saw the Blue Lions bounce back in the second to knot the count, their three runs coming without the help of a hit.

THE deadlock was shortlived as the Tigers powered their way to four more tallies in the second and then held on for the remaining innings.

Leadoff man Cal Ellis started things for CHS in the first when he walked, stole second and then raced home as WCH fumbled Bill Purcell's grounder. Rowland promptly singled and Purcell managed to get home as Strawser grounded to second. Rowland dashed home a minute later on an overthrow of Rich Greenlee's bouncer to third.

Washington picked up its runs on two errors, a walk, a sacrifice and two infield outs.

WCH started a threat in the third stanza when leadoff man Gil Crouse was hit by a pitched ball. The drive was cut short as Ellis came up with a neat double play on Terry Stilling's grounder.

Raymond Phifer started the ball rolling in the second with a lead-off single and then pilfered second. Terry Dean followed with a walk and Ellis uncorked a single to lead the bases. Rowland, aiding his own cause, kept the onslaught going with a driving single to right center which scored Phifer and Dean.

Stillings relieved Wilson at this point, but he was greeted with a single by Strawser which chased

Ellis and Rowland home to end CHS scoring for the day.

THE LONGEST blow of the contest came in the fifth when Greenlee connected for a solid triple which sailed far over the leftfielder's head. In the fourth Purcell smacked a double into center, but was out trying to stretch it into a triple.

The Tigers collected a total of seven bingles, Rowland, tough at the plate as well as on the mound, led the way with two hits in four times at bat.

The Tiger hurler fanned seven and walked only one. Wilson, relieved by Stillings in the second, was tagged with the loss. Herman came in for Stillings in the sixth.

Washington's final effort came in the seventh when Cartright singled with one out after Garlinger had reached first on an error. Rowland choked the rally by fanning Crouse and forcing Stillings to fly to right field.

The Tigers' next action is slated for Tuesday when they travel to Greenfield for a South Central Ohio League test. Saturday Franklin Heights comes here for an SCO battle.

## Maybe Detroit Can Win Game

CHICAGO (AP)—Maybe the Detroit Tigers will win a game today, maybe.

Tiger Manager Bill Norman can't figure it out except that Detroit's six losses in as many games constitutes a slump — one that all clubs face sooner or later.

"We're in one at the beginning of the season," said Norman after his Tigers rapped out 14 hits including two home runs but still lost to the Chicago White Sox, 6-5, Friday.

"We finally got some hitting but couldn't get enough runs," moaned Norman. "We're not as bad as that. We're in a slump and it looks bad because it comes at the opening of the season."

## Baseball Tournament Starts Monday

The Pickaway County Baseball Tournament starts Monday with two games on tap on different diamonds in the area.

Pickaway rambles headon into undefeated and potent Darby on the Jackson diamond. Walnut faces Scioto on the Bronco diamond at Ashville.

Tuesday Monroe meets Ashville at Scioto. Wednesday, Jackson bumps into Atlanta at Williamsport and the Pickaway-Darby winner faces the Williamsport - Salt Creek victor.

Three county teams will enter district competition if the Warriors of Salt Creek take part in the tournament. If Salt Creek fails to show, then only two representatives will compete in the district.

THE FIRST encounter between the Pirates and the Trojans will throw experienced and deadly Darby against a mild hitting and pitching Pickaway.

The Trojans undoubtedly will throw ace hurler Tommy Walters at the Pirates. The right-handed junior has struck out 51 of the last 66 men to face him.

Ashville, strong afield and on the bench, will be heavy favorites to topple Monroe. Walnut, with a 6-3 record, will meet a scrappy Scioto nine.

Tom Harber, Walnut thrower, probably will face Buffalo ace Roy Sanders.

## Canadiens Favored To Defeat Toronto

MONTREAL (AP)—The talent-loaded Montreal Canadiens—even without the services of two of their stars—are heavy choices to lick the upstart Toronto Maple Leafs tonight and win an unprecedented fourth straight Stanley Cup championship.

The Canadiens already have piled up a 3-1 advantage in the National Hockey League final playoff series.

The Canadiens have been deprived of the services of Jean Beliveau, who is out with a spinal injury. And 37-year-old Maurice (The Rocket) Richard has been practically no use, suffering from a groin injury.

ALL-NEW NOTRE DAME STAFF—Completely new this year, Notre Dame's coaching staff discusses possibilities as spring football practice opens on the South Bend, Ind., field. From left are Dick Evans, John Murphy, Dick Stanfel, Head Coach Joe Kuharich, Bill Daddio, Joe Scudero and Don Doll.

## Lane Again Bids For Title Bout

HOLLYWOOD (AP)—Lightweight Kenny Lane's camp today renewed its bid for another crack at the title with champion Joe Brown.

The Muskegon, Mich. challenger said he thought he earned another chance at the venerable Brown off his sixth-round technical knockout Friday night over another ranking lightweight, Johnny Busso of New York.

Lane lost a close decision to Brown in Houston, Tex., last July.

## First GI Home Loan Has Been Paid Off

WASHINGTON (AP)—The first GI home loan has been paid off.

Miles E. Myers of Washington, an Air Force captain in World War II, received the \$7,500 loan in 1944 on certificate No. 1 of the Veterans Administration. First Federal Savings & Loan Assn. of Washington announced today he completed payments on the 20-year loan in 14 1/2 years.

Myers also is a veteran of World War I.

## Canton Youth Heads YMCA 'Legislature'

COLUMBUS, Ohio (AP)—John Muster, 17-year-old Canton Perry High School student, is the governor of the Ohio YMCA's eighth model legislature.

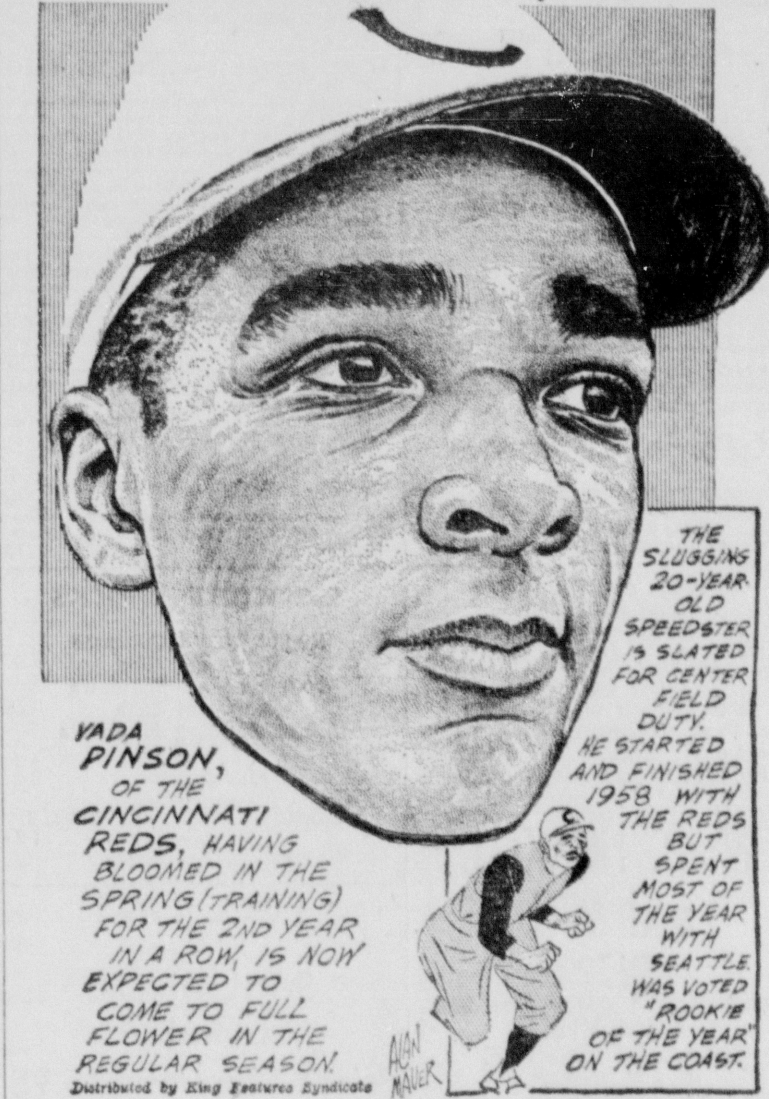

A former state winner of the Prince of Peace oratory contest, he was elected Friday by the 172 "Senators" and "Representatives" to the mock Legislature.

Some 480 convention delegates from Hi-Y and Tri-Hi units throughout Ohio are attending the three-day lesson in self-government.

## Unioto Drops 'Skins, 10-0, On No-Hitter

Unioto's Wayne Neff threw a perfect game, no hitter at host Kingston yesterday to win, 10-0.

During the seven-inning fray, Neff fanned 16 opponents, made three of the four assists of the ball game and walked none for the Sheremans. Kingston's Gene Sims matched Neff's 16 strike outs, but allowed 12 hits and issued two walks.

To make things worse, the Redskins committed six errors. Top hitting starts for Unioto were Jim Hooper's 3-4 and R. Neff's 3-5.

Hooper smacked two doubles and Wayne Neff poked one two-bagger. The Sheremans scored in all but two innings, the second and fifth.

## K of P Bowlers In Cleveland

Members of the local Pythias Lodge No. 64 Knights of Pythias bowling league left today for Cleveland to participate in a state K of P kegler tournament.

The local kegglers will bowl Saturday evening and Sunday morning. Six teams are slated to make the trip.

The tourney is an annual affair for the K of P. Last year competition was held in Akron.

## Haas, Palmer Hold Edge at Houston

HOUSTON, Tex. (AP)—Fred die Haas and Arnold Palmer, owners of 10-under-par 134s, led the field by one stroke today as 70 pros and five amateurs began the third round of the \$30,000 Houston Golf Classic.

Haas, 43, a veteran who now handpicks his tournaments, fired a 33-33-66 Friday on a rainswept Memorial Park course to catch Palmer, the first round leader and golf's biggest money winner of 1958. Palmer had a 32-36-68 after a first round 66.

Their 134s left them one stroke ahead of Jack Burke Jr., two ahead of Jay Hebert, three in front of Cary Middlecoff, and four ahead of Wes Ellis Jr., Paul Harney, and J. C. Goosie.

David Jenkins of Colorado Springs won the 1957 and 1958 world's figure skating titles. He was a bronze medalist in the 1956 Olympics.

## Darby Rolls In 8-2 Win Over Scioto

The Trojans of Darby maintained their undefeated baseball record yesterday with an 8-2 decision over host Scioto.

Nine errors by Scioto, leading the way for four unearned runs, opened the gate for the victorious Trojans who are showing the same winning power in baseball as they did in basketball last season.

Lynn Sheets hurled three innings for Darby and allowed one hit, a triple by Dick Kershner in the first inning. Tommy Walters pitched the last two frames, permitting no hits and fanning four.

The two Darby hurlers also led their team in hitting, each going two for three at the plate, including a double apiece. Teammate McGlone also smacked a two-bagger.

The winners opened with four runs in the first, two in the third and two in the fifth. Scioto counted single markers in the first and second frames.

# Bosox Castoff Paying Dividends For Clevelanders

By THE ASSOCIATED PRESS  
It begins to look as though the Boston Red Sox not only brought up Dick Brodowski too soon, but that they also gave up on him too soon.

At the moment, the big right-hander has saved two of Cleveland's five victories and has claimed one for himself. He's done it with three hitless relief jobs for the Indians, who remain unbeaten while everyone else in the American League has lost at least twice.

Now 26, Brodowski was hoisted from class D by the Red Sox in 1953 and had a 5-5 record. Back from service in 1955, he was 1-0 and peddled to Washington. The Senators let him go after an 0-4 showing, but the Indians brought him back last season after a two-year, 26-16 record in the minors.

Combining his five appearances last year with his 4 1-3 innings of work this season, Brodowski now has an improbable 0.00 earned run average for 14 1-3 consecutive innings of relief, in which he has given up just three hits.

He stretched that string with a two-innings of perfect relief Friday night as the Indians beat Kansas City 4-3 for a one-game lead over Chicago. The White Sox twisted the Tigers' tail again with a 6-5 decision over winless Detroit. Boston blanked New York 4-0 on Tom Brewer's two-hit pitching, and Baltimore defeated Washington 4-3.

A double error by A's third baseman Hal Smith on Minnie Minoso's ground ball gave the Indians the tie-breaking run with two-out in the ninth at Cleveland.

Brewer, who was beaten in Boston's opener by Bob Turley's two-hitter, beat the Yankee ace in a return match.

Jim Rivera's pop, two-run double wrapped it up for the White Sox in the eighth inning, breaking a 4-4 tie against reliever Ray Narleski, now 0-3.

Three walks and a sacrifice fly from pinch hitter Gene Woodling gave the Orioles their tie-breaking run in the eighth off Washington's relief ace, Dick Hyde (0-1).

The way he mowed down the San Francisco Giants on four hits Friday night, maybe Wilmer (Vinegar Bend) Mizell has seen the errors of his ways.

Big Wilmer, a 6-3 southpaw, has been a star character in the St. Louis Cardinals' "home

movie" scheme, in which they film their pitchers and batters in action to discover flaws. The Cards have developed a lot of film, but Mizell never has developed into the pitcher he was expected to be when he won 23 games in his first two seasons with the Red Birds, back in 1952-53.

Now in two starts, he's put together two complete games. He finished what he started only eight times last season, when he was 10-14.

His first try this season brought a 6-3 defeat as the Giants swept a three-game set at St. Louis. But while giving up 13 hits, he gave up only four earned runs.

Friday night he didn't give up a run at all for 8 1-3 innings, finally coming off with a 4-1 victory at San Francisco. Orlando Cepeda, who had two of the Giants' hits, junked the shutout with his fourth home run of the season in the ninth.

In other National League games unbeaten Milwaukee and winless Pittsburgh played a 2-2 tie halted by rain after nine innings. The Chicago Cubs bombed Los Angeles 9-4 and took second place as Cincinnati slipped to third with a 5-1 defeat by Philadelphia.

The Cardinals chased young Mike McCormick (0-1) with a two-run first inning when the first four men hit safely.

Solo home runs by Lee Walls and Ernie Banks and a two-run shot by Walt Moryn powered the Cubs at Los Angeles. Walls' sacrifice fly capped a three-run seventh that gave the Cubs a 4-all tie. Three more runs in the eighth put it away.

Ruben Gomez, who gave up one hit in a scoreless 2 2-3 innings before he wrenched a knee, and winning reliever Ray Semproch (1-0) set down the Reds on three hits. Harry Anderson and Willie Jones hit bases-empty homers for the Phils.

Wes Covington's double off the first base bag gave the Braves their two runs in the third off southpaw Harvey Haddix, but the Pirates then caught up with Bob Rush on home runs by Dick Groat and Roberto Clemente before the rains came. The game will be replayed from scratch.

American League pitchers feel good about pitching in Baltimore because outfielders have plenty of room to roam under long fly balls.

## 4 Redleg Hurlers Take Phillie Lumps

CINCINNATI (AP)—Cincinnati's Reds have one solid front-line pitcher—Bob Purkey. The 10 others are still big question marks in the still-young National League season.

Philadelphia's Phils, a nearly unanimous pick to finish in the cellar, cuffed four Cincinnati hurlers freely Friday night hammering out a 12-hit, 5-1 victory.

Cincinnati's hitting power, rated bigger and better this season, was nowhere in evidence Friday night. Three singles were the best the Rhinelanders could do.

Back in the bright, brave days of spring training, the Redleg throwing corps looked like a fairly capable crew.

The trouble with a game like Friday night is that it recalls the dark days of last season when the Reds floundered around in the cellar and the then manager, Birdie Tebbetts, was often shutting pitchers on and off the mound briskly.

Brooks Lawrence, who said in spring training he was in great shape, was the Reds' starter Friday night, and quickly ran into trouble. Two straight singles, by George Anderson and Richie Ashburn, started the Phils off. One run came while the Reds whipped off a double-play, but Harry Anderson homered before Lawrence shut down the inning.

Tom Aker, Willard Schmidt and Hal Feffcoat followed Lawrence to the mound; none was effective.

## Retired Farm Owner Found Fatally Beaten

ELYRIA, Ohio (AP)—A retired farmer was beaten to death and his wife was injured seriously early today by a robber who entered their home about 10 miles southeast of here early today.

Lorain County deputy sheriffs said the body of Faber Mandeville, 79, was found in the bedroom of his house. His wife, Victoria, 72, was in serious condition at Elyria Memorial Hospital. She suffered a broken nose and other head injuries in a beating.

Deputies were questioning a fugitive from the nearby Grafton State Prison Farm. Alfred Sanders, 25, of Cleveland, was arrested by State Highway Patrolmen as he walked along Ohio 303 near Brunswick shortly after the slaying. Sanders walked away from the prison farm Thursday afternoon. He had been serving a sentence there for a strong-arm robbery on Jan. 1, 1958, Cleveland police said.

Police got news of the beatings from Michael Spurlock, 14, a grandson of the Mandevilles who lived with them. His wounded grandmother awakened him and he ran some distance to a neighbor's home to telephone authorities.

Deputies said the man who beat the couple apparently was after money and their automobile, but was unable to start the car.

## Bill Pending For Peacetime Vets Education

PRECEDENCE Inside No. 4 Bill Pending M. Questions of interest to ex-service men should be given to Pickaway County Veterans Service Officer, Jim Shea. His office is in the basement of the Court House.

Q—Are there any educational benefits available for a peacetime serviceman?

A—At the present time, there are no educational benefits available for a peacetime serviceman.

However, there is a bill pending in Congress at present, which would allow a man who entered the service after Jan. 31, 1955 to have educational benefits. If and when it passes, I shall see that all peacetime servicemen eligible are notified.

Q—Are the widow and minor children of a World War II veteran entitled to any death benefits?

A—ONLY IF THE veteran, at the time of his death, had a service connected disability which was rated at 10 per cent, or more. If the veteran had no service connected disability, his widow and children are not entitled to any death benefits, other than \$250 toward his funeral expenses, and a government headstone.

However, a bill is now pending in Congress, which would extend to the widow and minor children of World War II veterans, as well as to Korean Veterans, the same benefits now allowed the widow and children of World War I veterans.

This law would allow the widow and minor children to have death benefits regardless of whether the veteran had a service connected disability or not, provided certain income limitations were met.

Q—I gave up a VA pension a while ago and chose to receive compensation in order not to have my social security disability payments reduced. My pension is larger than the compensation, and I understand that now, by a new law, I can collect both the pension and full social security benefits. Is that correct?

A—That is correct. A veteran entitled to both compensation and pension, who waived pension and chose compensation to avoid deduction from social security payments, may now rescind that waiver. The new law allows receipt of both full social security and VA pension.

Q—I was under the impression that a World War I veteran who is married, and rated as totally and permanently disabled, was entitled to a VA Pension. Yet, a friend of mine, who is working only part time and has his pension taken away from him. Why is this, since his income was less than \$2,700 per year?

A—THE FACT THAT a veteran's income is below the income limitation is not the only determining factor regarding employment in connection with a VA Pension. The VA holds that any veteran who works for more than 20 hours a week, or more than four hours a day is actually gainfully employed, regardless of his income.

In other words, employment of more than half the usual time can generally disqualify a veteran for pension, regardless of how small his income may be.

I don't have to agree with this ruling, and I do not hesitate to state that I do not agree with it, and I have fought it many times, but there is nothing that can be done about it.

Philadelphia Barbers At Odds on Price Hike PHILADELPHIA (AP)—Chapter 740 of the Associated Master Barbers of America has decided that "conditions do not warrant" an increase in the price of men's haircuts.

It was good news for Philadelphians. Only last week they got word from another barbering group, the Pennsylvania League of Master Barbers, that conditions do warrant an increase—from \$1.50 to \$2 a head by August.

## Knollwood Sewer District Assessments Readied

Residents of Knollwood Village in the next few days will receive assessments for the preliminary work on the Knollwood Village sewer district.

Knollwood home owners will be assessed a total of \$7,875.20. The lowest individual assessments amount to \$171.20 and several owners must pay as high as \$342.40.

The assessments were levied to obtain funds for general and detailed plans for sewers and a sewage disposal works in the Knollwood district.

Yesterday, the Pickaway County Commissioners approved a bill from Elmer Barrett & Associates for \$3,100 for professional services.

BARRETT'S professional services include the preparation of detailed plans, specifications and estimate of costs, based on plan quantities, for the Knollwood sewer district.

The \$3,100 is in addition to the \$1,500 fee for the preparation of the preliminary reports. These two fees do not include work on construction engineering or inspection on the Knollwood sewer district.

## Commercial Airline Pilot Also Is Ordained Minister

DENVER, Colo. (AP)—Twenty years ago a prankster splashed the words "Flying Deacon" in bright paint across the fuselage of Frank Swaim's training plane. Swaim laughed along with his buddies in the naval flight training program for he knew they were showing more pride than foolery. Swaim felt good.

Now Swaim, a commercial airline pilot, might better be called "The Flying Minister" for he successfully combines the cockpit with the pulpit as an ordained minister.

The 45-year-old Swaim found his thoughts turning to religion in the late 1930s while he was flying alone over the Pacific. He felt he was losing some of the satisfaction he got in flying.

"What if I should die?" he asked himself. "I'm not prepared."

He talked to a minister in Pens-

acola, Fla., and then, enthused, he began to pour his spare time into intensive study of the Bible. The study continued for eight years while he was in the Navy, three more as a commercial airline pilot in Chicago and another two as an Air Force transport pilot.

He was ordained a minister of the Church of Christ in 1956. Along with his wife and two sons, Swaim also conducts his own Bible reading correspondence course with 208 students across the country.

The course is an expensive proposition but Swaim says every penny from his pilot-captain's checks.

Any honorarium he gets from volunteer relief preaching is turned over to a church cause such as the York (Neb.) Christian College and the Ibaraki (Japan) Christian College.

FORCED TO DRINK HALF PINT OF WHISKY—James Sams, 7, rests in a Los Angeles hospital after his stomach was pumped of a half pint of whisky his father forced him to drink during a drunken spree. With him are police officer N. A. Comeau and an unidentified hospital attendant. The father, James R. Sams, allegedly fled with his wife after beating James and forcing him to drink the whisky because he wouldn't eat. The boy, one of six children, was found retching in the family apartment, called filthy by police.

### Editors Say Military Information Suppressed

WASHINGTON (AP)—A committee of the American Society of Newspaper Editors charges that suppression of military information is preventing the American people from making intelligent decisions on national defense.

The report of the society's Freedom of Information Committee as slated to be made by its chairman, Herbert Brucker, editor of the Hartford (Conn.) Courant.

The ASNE closes its annual convention here tonight with a banquet at which Vice President Richard M. Nixon will speak.

the hostages, said they were concerned by convict threats to douse them with naphtha and turn them into human torches in the event an armed assault was attempted.

"We heard the convicts yell 'They're coming in' he said. 'We got mattresses and held them up to the bars of the cells to keep them from throwing in the naphtha. We heard the bazooka shots, then some running."

"We were still holding up the mattresses when we saw a National Guardsman. He told us to get them out of the way. He opened the cell, and we left on the dead run. We ran through the main cellblock and out through the woman's quarters."

Another guard, David Hinton, 28, said: "I knew I wouldn't get out. I didn't sleep a wink last night, but sometime tonight I dozed off. I woke up at the sound of the shooting."

Mrs. Victor Baldwin, wife of another hostage guard, said: "I was dead afraid for the National Guard to try to rescue them. I didn't want them to go in, but thank God they did."

## Civic Group Backs Wilmington Coach

WILMINGTON, Ohio (AP)—Students at Wilmington High School are backing a move to have Tom Mihalik rehired next year as assistant football coach and industrial arts teacher.

A group called the Boosterettes started petitions to have Mihalik's contract renewed and said Friday night 250 pupils have already signed.

School board members refused to say why they declined to renew the coach's contract for next year. The action was at the board's Thursday meeting.

Mrs. Jack Wallace, who heads the Boosterettes, said, "We are not fighting the board of education. We are only trying to compile the feelings of the community as proof to the board of its error."

### Ohio Market Hogs Show Climb in Price

COLUMBUS, Ohio (AP)—Market hog prices averaged 25 cents higher this week than last at \$16.80 per 100 lbs., reported the Ohio Department of Agriculture Bureau of Markets.

Prices during the week on No. 2 hogs ranged from \$16.75 Monday through Wednesday to \$16.75-\$17.00 Thursday and Friday.

Receipts at 85 interior Ohio yards were 43,650 for the week, which was 12 per cent fewer than last week but 3 per cent higher than last year for the period.

Sow prices remained mostly unchanged at \$14.00-\$14.50 for choice light weights.

## 'Casualties' In Mock Raid Still Unknown

COLUMBUS, Ohio (AP)—The number of Ohio "casualties" from Friday's simulated enemy air attack won't be known until the second phase of the Civil Defense test gets under way next month.

The first phase of Operation Alert 1959 concludes today.

It began Friday with the wailing of air raid sirens that signaled the approach of enemy bombers. The sirens were real enough. But the planes, the nuclear bombs they dropped and the evacuations that followed were all make-believe.

On paper, though, Ohio Civil Defense officials tried to calculate what would have happened if the attack were the real thing.

They came to these imaginary conclusions:

Six million people evacuated from nine major target areas in Ohio.

The bombs began dropping about 2½ hours after the alert was sounded. They fell on Columbus, Akron, Cleveland, Toledo, Youngstown, Cincinnati, Canton, Massillon and Dayton.

The worst hit city, in terms of number of bombs dropped, was Columbus. Three one - megaton bombs—each carrying the explosive force of one million tons of TNT—fell on the capital city's Alert, May 8-9, "casualties" will be reckoned as Civil Defense units provide support to "stricken areas."

## Parked Car Burns On Route 23 North \$80,000 in Unpaid Bills 'Forgiven'

BEAUMONT, Tex. (AP)—Jack Tinkle has cleared the books of more than \$80,000 in unpaid accounts at his hardware and furniture store.

Tossing the bills into an incinerator, Tinkle said:

"I'm forgiving these people their debts to me, and I hope I'll be forgiven too. I figure a lot of people who have been staying away from my stores because of being delinquent in their accounts will come in when they know they've been forgiven."

Some of the bills were 30 years old.
